USDA is an equal opportunity provider, employer, and lender

To the Colorado agricultural community,

After much hard work from our partners at the United States Department of Agriculture's National Agricultural Statistics Service (NASS) Mountain Regional Field Office, I am happy to present the 2024 Colorado Agricultural Statistics Bulletin. The data in the Agricultural Statistics Bulletin helps tell the story of where Colorado agriculture stands and where we've been.

Thanks to the thousands of producers who participated in the survey from all across the state. We hope that you use the information in this bulletin to better understand Colorado agriculture, including crop values and yields, livestock inventory and production, and farmland data.

Every year across the United States, county by county, people in agriculture continue to recognize the importance of being counted. That information, as presented in this bulletin, will help inform policy, research, and education.

I hope our many partners in agriculture continue to see the value in this research for the work they do in support of Colorado agriculture. We certainly do at the Colorado Department of Agriculture. The information in this bulletin is all data driven and science based. We can draw on it with confidence as we work together for the future of agriculture.

At the Colorado Department of Agriculture, we are thankful for the hard work and dedication of Colorado's farmers, ranchers, and agricultural workers. Without their daily work, we would not have the thriving agriculture in Colorado that we know and love.

A handwritten signature in black ink, appearing to read "Kate Greenberg". The signature is fluid and cursive, with a long horizontal stroke at the end.

Kate Greenberg
Colorado Commissioner of Agriculture

The Colorado Agricultural Statistics Bulletin is compiled by the National Agricultural Statistics Service, Mountain Regional Field Office, which is an agency within the U.S. Department of Agriculture, in cooperation with the Colorado Department of Agriculture.

United States Department of Agriculture
National Agricultural Statistics Service
Mountain Regional Field Office
Cooperating with the Region's Departments of Agriculture

Dear Friends of Agriculture:

I am pleased to present the 2024 Colorado Agricultural Statistics Bulletin made available through the Mountain Regional Field Office of USDA's National Agricultural Statistics Service (NASS) in cooperation with the Colorado Department of Agriculture.

The mission of NASS is to provide timely, accurate, and useful statistics in service to U.S. agriculture. NASS conducts hundreds of surveys each year to collect important agricultural information, and on the following pages you will find much of that information including acreage, production, inventory, and economic data from 2023 and earlier at the state and county level.

The need for accurate information regarding the agricultural industry in Colorado is so important. Good decisions are made by having good information. In 2022, net farm income for Colorado agricultural producers totaled \$2.15 billion, up 6.5% from 2021, and cash receipts totaled \$8.95 billion, up 7.7% from 2021, again showing the value of agriculture in Colorado's economy. The data NASS collects and publishes in this bulletin and throughout the year are valuable tools used by decision makers at federal, state, and local levels, agribusinesses, researchers, trade associations, and many others who serve producers and rural communities to make sound decisions.

Thank you to the farmers and ranchers for taking time out of their busy schedules to provide the data needed to produce these statistics. This information would not be possible without you. I also want to thank all the agribusinesses, extension educators, and USDA's Farm Service Agency for contributing information for this bulletin and providing support for our programs.

The information in this report is also made possible through the dedicated efforts of NASDA field and telephone interviewers who collect this data and the office staff that compiles it. I would like to thank Kris Stewart of Delta County for the cover photo "Short Horns Near Needle Rock", and a special thanks to the Colorado Department of Agriculture for their support of our programs.

Finally, USDA NASS released the 2022 Census of Agriculture in February of this year. The Census of Agriculture is the most comprehensive set of county data in the nation. Thank you to the farmers and ranchers who helped to provide this valuable data. Please visit www.nass.usda.gov/AgCensus/ to see all the Census of Agriculture products and available information.

Sincerely,

Rodger Ott
Director, Mountain Regional Field Office

2022.....	31,000	42	1,302	339,000	3.35	4,362
2023.....	25,000	41	1,025	195,000	3.69	3,782

¹ Honey producing colonies are the maximum number of colonies from which honey was taken during the year. It is possible to take honey from colonies which did not survive the entire year.

² Stocks held by producers.

³ Average price per pound based on expanded sales.

⁴ Value of production is equal to production multiplied by average price per pound.

Trout: Total Value of Fish Sold & Foodsize Sales – Colorado: 2014 - 2023

Year	Total Value of Fish Sold ¹	Foodsize (12 Inches or longer)			
		Number of Fish	Live Weight ²	Sales	
				Total ³	Average Price per Pound
	(dollars)		(pounds)	(dollars)	(dollars)
2014.....	1,666,000	210,000	404,000	1,495,000	3.70

2023.....	(D)	(D)	(D)	(D)	(D)

(D) Withheld to avoid disclosing data for individual operations.

¹ Total sales excluding eggs.

² Due to rounding, total number of fish multiplied by the average pounds per unit may not exactly equal total live weight.

³ Due to rounding, total number or live weight multiplied by average value per unit may not exactly equal total sales.

National Agricultural Statistics Service (NASS) Reports and Data

The NASS Internet homepage provides easy access to the wide range of reports, data and general information published throughout the year. All data in this bulletin is published at an earlier date and can be found most quickly via the Internet.

NASS Homepage – <http://www.nass.usda.gov>

Colorado Homepage – https://www.nass.usda.gov/Statistics_by_State/Colorado/index.php

Through a cooperative agreement with Cornell University, the Albert R. Mann Library distributes NASS, Economic Research Service (ERS), and World Agricultural Outlook Board (WAOB) periodicals and data files via the USDA Economics and Statistics System on a web server. Over 500 NASS reports annually are available free of charge. All NASS reports along with WAOB's World Agricultural Supply and Demand Estimates (WASDE) are available electronically seconds after release.

A calendar of scheduled releases is available from the NASS Homepage by clicking on **Publications**. The next screen is the Reports Calendar where you can choose the year and month of interest.

Free E--Mail Subscriptions to NASS Reports

When a current report is released, it can be sent free of charge via e--mail to the list of subscribers for that report. From the NASS homepage, select the **Publications drop down**, then follow the instructions under **Receive Reports by Email**. The four report options available in Colorado are:

Colorado All Reports
Colorado Crop Progress and Condition
Colorado Press Releases

There is no charge for e--mail subscriptions via Internet. You will receive a confirmation message to your email address you provide. You must verify that you subscribed to the releases before you start receiving the releases in your inbox. You may unsubscribe at any time by going to the **Subscription Page** and unchecking the reports you wish to discontinue.

Agricultural Statistics Data Base (Quick Stats)

Published **U.S., State, and County** information is also available in an online database **FREE OF CHARGE**. The database allows custom extracts based on commodity, year, State, and other selection criteria and produces an output file compatible for updating databases and spreadsheets for selected commodities. The database can be accessed from the NASS homepage then selecting **Data and Statistics**. From there you can retrieve National, State, or County level data. The Census of Agriculture is also available in Quick Stats. The database allows custom extracts based on commodity, year, selected counties within a State, or all counties in one or more States. The county data include totals for the Agricultural Statistics Districts (county groupings) and the State. Video tutorials and other information can be found by selecting **Help**.

LEARN MORE

Visit: www.nass.usda.gov to gain access to the following features:

- Browse the NASS website for information on surveys, the Census of Agriculture, NASS procedures, and more.
- Confidentiality and Security Pledges – Select **About NASS** to see our agency history and governing principles.
- Report Calendar – Select **Publications** to get reports by date/topic, email subscriptions, and historic reports.
- Colorado Reports – Use the map to find state-specific reports created in cooperation with the State of Colorado.
- Quick Stats – Select **Data and Statistics** to find data by agricultural product, geography, date, or other variables.
- Quick Stats Lite – Commonly searched pre-defined queries of the Quick Stats database.
- Special Tabulations – Request your own customized **Census of Agriculture** summary.
- CropScape – Create your own annual geospatial land cover maps going back to 2009.
- VegScape – Create your own weekly vegetative index maps back to January 2000.
- Follow NASS on Twitter - @usda_nass
- Customer Service – For assistance finding data online or to request hard copies, call toll free: (800) 727-9540 (7:30 a.m. to 4 p.m. ET Mon-Fri) or write to nass@nass.usda.gov.

REPORTS ISSUED DURING THE YEAR ¹
COLORADO FIELD OFFICE, USDA NASS

	<u>Frequency</u>	<u>Approximate Date of Publication</u>
General Reports:		
Crop Progress and Condition	Weekly	April-November (Mondays)
Colorado Agricultural Statistics	Annual	
Summary	Annual	August

Report Dates for Crops:		
Winter Wheat Seedings	Annual	January (9th-12th)
Prospective Plantings	Annual	March (28th-31st)
Acreage Planted	Annual	June (28th-30th)
Crop Production Forecasts	Monthly	May-November (9th-12th)
Dry Edible Bean Acreage by Class	Annual	August (9th-12th)
Dry Edible Bean Production by Class	Annual	December (9th-12th)
Crop Production Annual	Annual	January (9th-12th)
Crop Values	Annual	February (20th-25th)
Wheat Varieties	Annual	February (20th-25th)
Hay Stocks	Semi-Annual	January, May (9th-12th)

Report Dates for Livestock, Dairy, Poultry, and Livestock Products:		
Cattle Inventory and Calf Crop	Semi-Annual	January or February (5th Friday of year),
Sheep Inventory and Lamb Crop	Annual	January or February (5th Friday of year),
Sheep Shorn and Wool Production	Annual	January or February (5th Friday of year)
Sheep and Lamb Loss	Annual	February (3rd Friday)
Hog Inventory and Pig Crop	Quarterly	March, June, September, December
Livestock Slaughter	Monthly	20th-26th
Meat Animals - Production, Disposition, and Income	Annual	April (26th-30th)
Bee Colonies and Honey Production	Annual	March (26th-30th)

County Estimates:		
Wheat and Barley	Annual	December
Corn	Annual	February
Livestock - Cattle	Annual	April

Prices and Miscellaneous:		
Farm Labor	Semi--Annual	May and November (15th-21st)
Agricultural Prices	Monthly	(28th-31st)
Number of Farms and Land in Farms	Annual	February (10th-19th)
Farm Production Expenditures	Annual	August
Agricultural Land Values	Annual	August

¹ Same day news releases are issued for most reports. Separate reports are also printed for Sheep Loss, and Wheat Varieties. The annual book, "Colorado Agricultural Statistics", is a summary of all data for the previous year. All reports are available on the internet at www.nass.usda.gov/co
