USDA to conduct the 2024 Census of Horticultural Specialties

The U.S. Department of Agriculture’s National Agricultural Statistics Service (NASS) will conduct the 2024 Census of Horticultural Specialties this winter to provide a comprehensive picture of the U.S. horticulture industry. Survey codes were mailed this month to more than 40,000 horticulture producers to respond online. Collected just once every five years, the Census of Horticultural Specialties is the only source of detailed production and sales data for U.S. floriculture, nursery, and specialty crop industries, including greenhouse food crops.

“Horticulture is a very important part of U.S. agriculture and our economy,” said Dennis Koong, NASS NW Regional Director. “Responding to this census is the best way for growers to help associations, businesses, and policymakers advocate for their industry, and influence program decisions and technology development over the next five years.”

The 2024 Census of Horticultural Specialties results will expand the 2022 Census of Agriculture data with information on horticultural crop production, value of products, square footage used for growing crops, production expenses, and more.

Producers who receive the 2024 Census of Horticultural Specialties are required to respond by federal law (Title 7 USC 2204(g) Public Law 105-113), as it is part of the Census of Agriculture program. The same federal law that requires producers to respond also requires NASS to keep all individual information confidential.

Growers are asked to use their unique survey code to complete the horticulture census online via NASS’ secure website. The online questionnaire is user friendly, accessible on most electronic devices, and saves producers time by calculating totals and automatically skipping questions that don’t apply to their operations. The deadline for response is February 14, 2025. Results will be available on December 16, 2025.

For more information about the 2024 Census of Horticultural Specialties:

- Visit - https://www.nass.usda.gov/Surveys/Guide_to_NASS_Surveys/Census_of_Horticultural_Specialties/index.php
- Email the Northwest Regional Field Office at nassrfonwr@usda.gov
- Or call **1-800-435-5883**.

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site <http://www.nass.usda.gov>
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit <http://www.nass.usda.gov>. Hover over the “Publications” drop down. Under "Receive reports by Email" section in the lower right corner, select the report(s) you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@usda.gov.
