

## Mississippi Crop Progress and Condition

**Delta Region - Mississippi Field Office**

121 North Jefferson Street, Suite 230 Jackson, MS 39201  
(601) 359-1259 · FAX (855) 270-2705 · [www.nass.usda.gov](http://www.nass.usda.gov)

**Cooperating with Mississippi Department of Agriculture and Commerce**

This report contains the results from the **Crop Progress and Condition** weekly survey. The survey is completed by county extension agents' visual observations and contact with producers in their county. These data are also posted on our web site at <https://www.nass.usda.gov/ms> and in a more detailed report at <https://www.nass.usda.gov>. Thanks to all of the county extension agents who responded to this survey.

**Week Ending: March 13, 2022**

**Released: March 14, 2022**

According to the National Agricultural Statistics Service in Mississippi, there were 2.1 days suitable for fieldwork for the **week ending Sunday, March 13, 2022**. Topsoil moisture supplies were 0 percent very short, 3 percent short, 75 percent adequate, and 22 percent surplus. Subsoil moisture supplies were 1 percent very short, 5 percent short, 76 percent adequate, and 18 percent surplus.

### Crop Progress for Week Ending March 13, 2022

Crop	This week	Last week	Last year	5-year average
	(percent)	(percent)	(percent)	(percent)
Corn planted	1	(NA)	1	1
Watermelons planted	2	(NA)	1	1

(NA) Not available.

### Crop Condition for Week Ending March 13, 2022

Item	Very poor	Poor	Fair	Good	Excellent
	(percent)	(percent)	(percent)	(percent)	(percent)

## Mississippi Subsoil Moisture Map for the Week of February 28 – March 6, 2022

The Soil Moisture Active Passive (SMAP) provides measurements of soil moisture in the root zone as a weekly average, represented by pixels. Each pixel represents 9 by 9 kilometer plot or about 20,000 acres. The SMAP data measures soil moisture in cubic centimeters of water/cubic centimeters of soil. The scale represents the percent of water in a given volume of soil. More information and additional mapping is available at <https://nassgeo.csiss.gmu.edu/CropCASMA/>.
