**Volume 47, Number 18**

**Weekly Summary for June 10 – June 16**

**Issued June 17, 2024**

Rainfall totals in Oklahoma averaged 0.14 inches. According to the June 11<sup>th</sup> US Drought Monitor Report, drought conditions were rated 27 percent abnormally dry to exceptional drought, down 38 points from last year. Additionally, 16 percent of the state was in the moderate drought to exceptional drought categories, down 33 points from the previous year. Statewide, temperatures averaged in the upper 70's. Topsoil and subsoil moisture conditions were rated adequate to short. There were 6.5 days suitable for fieldwork.

**Small Grains:** Winter wheat harvest continued across most parts of the state. Winter wheat harvested reached 83 percent, up 35 points from the previous week and up 46 points from normal. Canola coloring reached 95 percent, up 10 points from the previous week and up 6 points from normal. Canola harvested reached 70 percent, up 56 points from the previous week and up 37 points from normal. Rye harvested reached 79 percent, up 51 points from the previous week and up 44 points from normal. Oats headed reached 95 percent, up 5 points from the previous week and up 11 points from normal. Oats harvested reached 19 percent, up 10 points from the previous week and from normal.

**Row Crops:** Corn silking reached 12 percent, up 7 points from previous week and up 8 points from normal. Sorghum planted reached 74 percent, up 20 points from previous week and up 21 points from normal. Soybeans planted reached 75 percent, up 25 points from previous week and up 16 points from normal. Soybeans emerged reached 25 percent, up 18 points from previous week. Peanuts planted reached 95 percent, up 5 points from previous week and up 15 points from normal. Upland Cotton planted reached 70 percent, up 16 points from previous week and up 1 point from normal.

**Hay:** The first cutting of alfalfa hay reached 82 percent, up 4 points from previous week and up 3 points from normal. The second cutting of alfalfa hay reached 14 percent, up 14 points from previous week but down 6 points from normal. The first cutting of other hay reached 78 percent, up 21 points from previous week and up 17 points from normal.

**Pasture and Livestock:** Pasture and range condition was rated at 77 percent good to fair. Livestock condition was rated at 85 percent good to fair.
