Released: March 3, 2025

Issue: 02-25

Agricultural News: Farming activities for the month of February included calving, feeding hay, and cleaning up after ice storms and flooding. Weather conditions have been cold, wet, and muddy with some periods of snow. Conditions have been tough on livestock and producers. The rain has helped with soil moisture. The average high temperatures during the month were mostly in the lower 50s. The average low temperatures during the month were mostly in the 30s. Monthly precipitation amounts ranged between 2 to 6 inches. There are abnormally dry to moderate drought conditions in the State.

SOIL MOISTURE and SUPPLIES for week ending 3/2/25

	Very Short	Short	Adequate	Surplus
	%	%	%	%
