February 23, 2024 - For Immediate Release

Media Contact: Greg Bussler

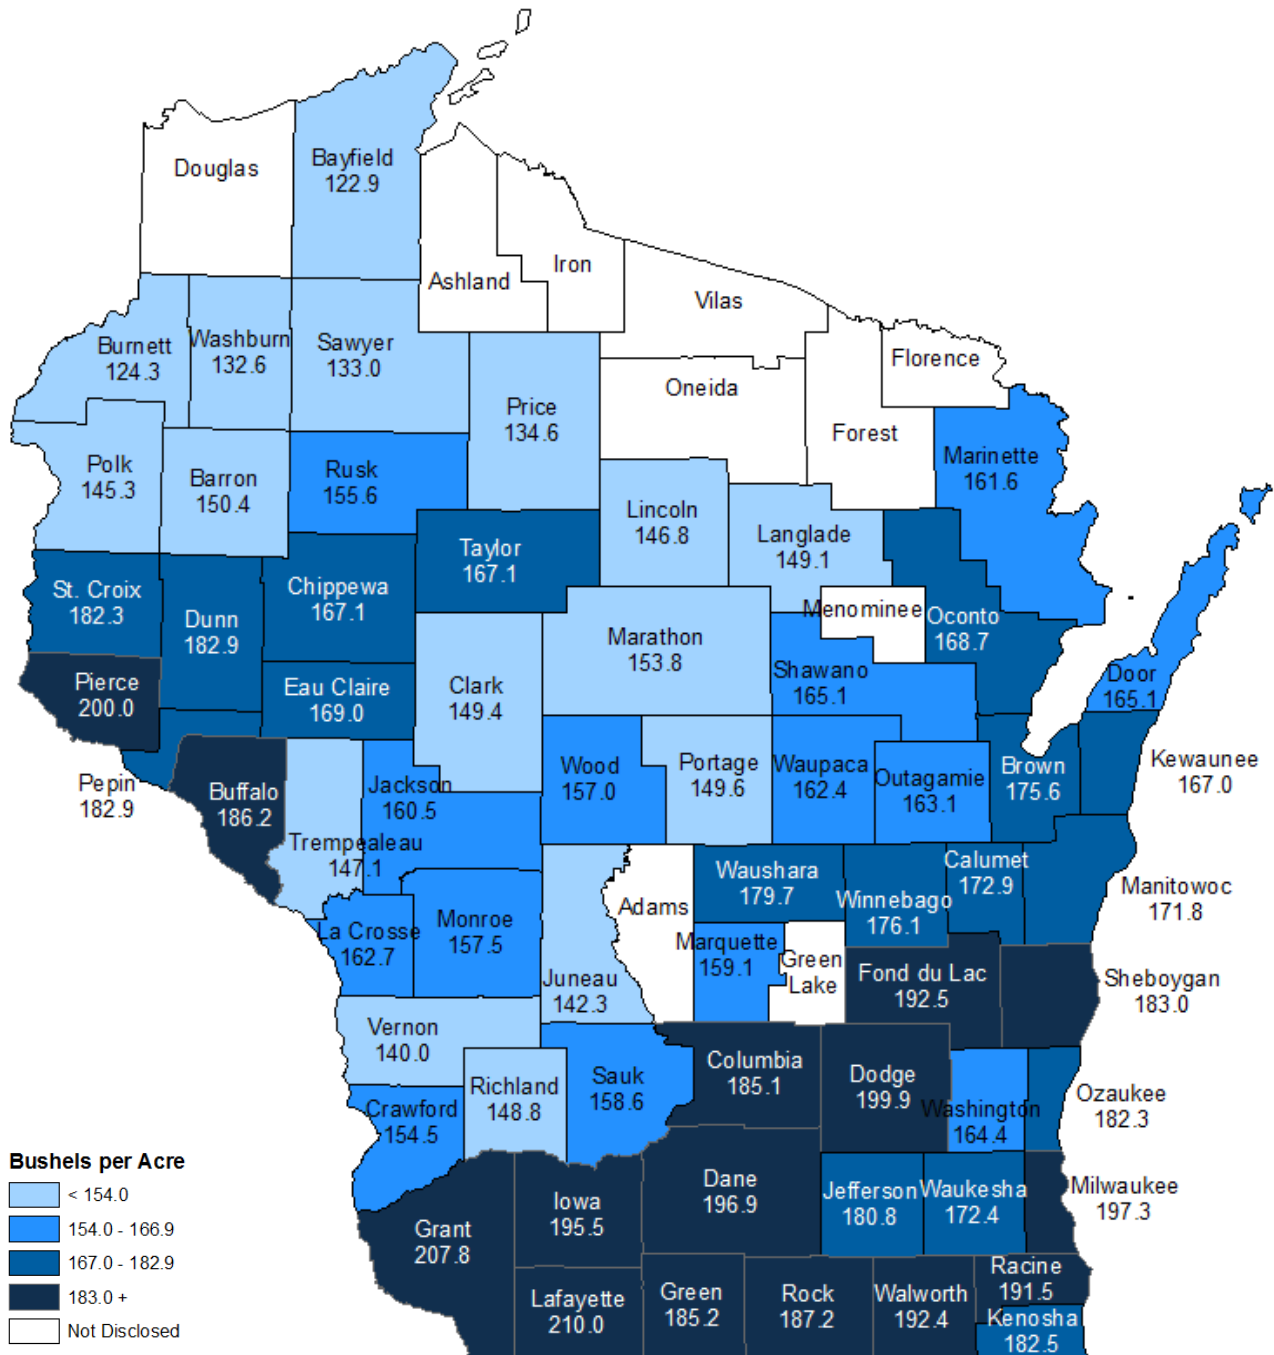

Dane County was the highest-ranking county for corn for grain production with 30.0 million bushels produced. Grant, Lafayette, Rock, and Dodge rounded out the top five counties. One other county had production of more than 20 million bushels and that sixth county was Columbia.

Lafayette led all counties with an average yield of 210.0 bushels per acre. Grant (207.8), Pierce (200.0), Dodge (199.9), and Milwaukee (197.3) counties rounded out the top five. Five other counties surpassed the 190 bushel mark in 2023, which included Dane, Iowa, Fond du Lac, Walworth, and Racine.

Yields are calculated by dividing a county's production by its area harvested. Only published estimates were considered in rankings of counties.

## Corn for Grain Yield – Wisconsin: 2023

State Average: 176.0 Bushels per Acre

**Corn, Area Planted for All Purposes, Area Harvested for Grain, Yield, and Production – Wisconsin by County: 2022-2023**
